

INSTRUCTIONS AND USER GUIDE

Item No. 216182

**Rear Facing Non-Charging Cradle for
Zebra MC9300/MC9400**

Zebra MC9300
Zebra MC9400

DO NOT attach anything to the mount face plate until after installing the mount to the dashboard. Doing so makes it more difficult to install the mount to the dash.

Item No. 216182

WARNING:
Please hold the vehicle mount and holder over the place where the mount attaches to the dash before installing them to insure you like the location of the solution. Once installed and screwed together the products are non-refundable.

Attention:

Carefully read all instructions and review the images before installing this product. **Do not** attach anything to the mount face plate until after installing the mount to the dashboard. Doing so makes it more difficult to install the mount to the dash. **Also**, our installation instructions are often printed prior to the last year of a ProClip mount listing. The year listing we show on our web site should be the most accurate listing.

Important

Self-installation instructions and advice are provided for your convenience. It is your responsibility to determine if you have the knowledge, skills, and physical ability required to properly perform an installation. ProClip USA, LLC. shall have no liability for damage or injury resulting from the installation or use of any ProClip or third party products. It is your responsibility to ensure that all products are installed in adherence with local laws and regulations and in such a manner as to allow a vehicle to be operated safely and without distraction. ProClip USA, LLC. product warranties do not cover the installation, removal or reinstallation of any product.

STEP 1 OF 4

Detach the Base Plate:

Remove the tilt-swivel base plate by loosening the Philips screw in the center of the holder.

Loosen the screw and then gently pry the 2 pieces of the tilt-swivel apart.

The screw is captured in the tilt-swivel and will not fall out.

STEP 2 OF 4

Install the Cradle:

Place the base plate on any AMPS compatible mount. This includes ball, pedestal, forklift and many other mounts from ProClip and other providers.

Fasten the tilt-swivel base with the included M4 fastener pack. Re-attach the cradle with the Philips screw in the center.

STEP 3 OF 4

To insert the device:

Slide the device into the holder with the screen facing the holder. The device will slot into the channeled grooves on both sides and will rest against the bottom of the groove when fully docked.

To remove the device:

Pull the device straight out of the holder until it is free from the sidewalls.

STEP 4 OF 4

Adjusting the angle:

The tilt-swivel can be loosened to adjust the angle up to 15 degrees of tilt or rotate to any angle.

To keep the tilt-swivel locked into position, tighten the center screw firmly.

Returns

All returns must be made within thirty (30) days of the delivery date and include proof of purchase, a copy of your original order, or invoice. No products shipped hereunder may be returned without ProClip USA's prior approval. In order to return a product, the buyer must obtain an RMA number (Return Merchandise Authorization Number). Items returned without a valid RMA number may be rejected. **Items that are open, used, damaged, or returned without all original components may have a restocking fee applied.**
