### Attention:

Carefully read all instructions and review the images before installing this product. **Do not** attach anything to the mount face plate until after installing the mount to the dashboard. Doing so makes it more difficult to install the mount to the dash. **Also**, our installation instructions are often printed prior to the last year of a ProClip mount listing. The year listing we show on our web site should be the most accurate listing.

### Important

Self-installation instructions and advice are provided for your convenience. It is your responsibility to determine if you have the knowledge, skills, and physical ability required to properly perform an installation. ProClip USA, LLC. shall have no liability for damage or injury resulting from the installation or use of any ProClip or third party products. It is your responsibility to ensure that all products are installed in adherence with local laws and regulations and in such a manner as to allow a vehicle to be operated safely and without distraction. ProClip USA, LLC. product warranties do not cover the installation, removal or reinstallation of any product.

## STEP 1 OF 8

Remove the factory ball mount from the backup camera monitor.

**Note:** The ball and monitor have a specific notch that needs to be aligned to allow the ball to be removed safely.

## **STEP 2 OF 8**

The factory mount simply pulls out and should not require excessive force if the notch is properly aligned.

### **STEP 3 OF 8**

The ProClip mount to the backup camera monitor by pressing into the same location. This shows how it inserts into the same location once the mount is in place.

**Note:** The ball and monitor have a specific notch that needs to be aligned to allow the ball to be inserted safely.

## **STEP 4 OF 8**

The ball should insert without excessive force if the notch is aligned properly. The ball will have some tension to allow the monitor to tilt and rotate.

## **STEP 5 OF 8**

Install the backup camera monitor mount to any AMPS compatible mount for dashboards, consoles and more.

## **STEP 6 OF 8**

Ensure the mount is firm so that when the monitor is pressed onto the ball it does not shift or move.

## STEP 7 OF 8

After removing the factory ball, press the monitor firmly onto the mount so that it inserts into place.

**Note:** The ball and monitor have a specific notch that needs to be aligned to allow the ball to inserted safely.

## **STEP 8 OF 8**

The monitor is in place.
