

INSTRUCTIONS AND USER GUIDE

Item No. 216231 Printer Mount Plate with Battery Access for Honeywell RP4f

Honeywell RP4f

DO NOT attach anything to the mount face plate until after installing the mount to the dashboard. Doing so makes it more difficult to install the mount to the dash.

Item No. 216231

Attention:

Carefully read all instructions and review the images before installing this product. **Do not** attach anything to the mount face plate until after installing the mount to the dashboard. Doing so makes it more difficult to install the mount to the dash. **Also**, our installation instructions are often printed prior to the last year of a ProClip mount listing. The year listing we show on our web site should be the most accurate listing.

Important

Self-installation instructions and advice are provided for your convenience. It is your responsibility to determine if you have the knowledge, skills, and physical ability required to properly perform an installation. ProClip USA, LLC. shall have no liability for damage or injury resulting from the installation or use of any ProClip or third party products. It is your responsibility to ensure that all products are installed in adherence with local laws and regulations and in such a manner as to allow a vehicle to be operated safely and without distraction. ProClip USA, LLC. product warranties do not cover the installation, removal or reinstallation of any product.

STEP 1 OF 8

AMPS Compatible Mounting Holes:

This mount plate has countersunk holes that allow it to be attached to any AMPS compatible pedestal, ball mount or dash mount. ProClip offers a variety of these mounts directly.

STEP 2 OF 8

Attach AMPS Compatible Mount:

Using the included fastener pack, attach the plate to a mount before attaching it to the printer. This will enable the screws to be flush mounted and not interfere with the printer housing.

STEP 3 OF 8

Remove Screws:

To Install the plate, remove these 4 screws from the printer housing using the included Allen wrench.

STEP 4 OF 8

Align the Printer Plate

This plate is designed to ensure the battery can be removed while mounted. Make sure to align the plate so the battery is accessible.

STEP 5 OF 8

Mounting the Printer Plate:

This plate screws into the same place as the 4 removed screws. Using the included 4 silver screws and Allen wrench, install the plate to the bottom of the printer. Note: Keep the old screws in-case you remove the plate in the future.

STEP 6 OF 8

Battery Removal:

To remove the battery while mounted, depress the release lever and pull the battery out of the printer.

STEP 7 OF 8

Mounting Clearance

When placing the printer, ensure there is enough space behind the printer to remove the battery from the printer.

STEP 8 OF 8

Installation Complete

This completes the installation. The plate allows the printer to be securely mounted, and difficult to remove.

Returns

All returns must be made within thirty (30) days of the delivery date and include proof of purchase, a copy of your original order, or invoice. No products shipped hereunder may be returned without ProClip USA's prior approval. In order to return a product, the buyer must obtain an RMA number (Return Merchandise Authorization Number). Items returned without a valid RMA number may be rejected. **Items that are open, used, damaged, or returned without all original components may have a restocking fee applied.**
