DO NOT attach anything to the mount face plate until after installing the mount to the dashboard. Doing so makes it more difficult to install the mount to the dash.

Item No. 241413

Attention:

Carefully read all instructions and review the images before installing this product. **Do not** attach anything to the mount face plate until after installing the mount to the dashboard. Doing so makes it more difficult to install the mount to the dash. **Also**, our installation instructions are often printed prior to the last year of a ProClip mount listing. The year listing we show on our web site should be the most accurate listing.

Important

Self-installation instructions and advice are provided for your convenience. It is your responsibility to determine if you have the knowledge, skills, and physical ability required to properly perform an installation. ProClip USA, LLC. shall have no liability for damage or injury resulting from the installation or use of any ProClip or third party products. It is your responsibility to ensure that all products are installed in adherence with local laws and regulations and in such a manner as to allow a vehicle to be operated safely and without distraction. ProClip USA, LLC. product warranties do not cover the installation, removal or reinstallation of any product.

STEP 1 OF 4

Remove the rubber pad on the bottom of the upper dash tray.

Then undo the two screws holding the tray in place pop the tray out of the dash.

STEP 2 OF 4

Once the tray is free make sure to remove the optional accessory attachment before setting the tray aside.

With the tray removed you can undo the screws at the front of the tray mount.

STEP 3 OF 4

Place the ProClip mount into the dash tray. Mark the two front holes with a pencil. Take the ProClip mount out of the tray and then drill two holes in the tray where the marks have been made.

STEP 4 OF 4

Attach the ProClip mount by inserting the included screws into the holes and threading them into the existing threaded holes in the dash.
