DO NOT attach anything to the mount face plate until after installing the mount to the dashboard. Doing so makes it more difficult to install the mount to the dash.

Item No. 246707

Attention:

Carefully read all instructions and review the images before installing this product. **Do not** attach anything to the mount face plate until after installing the mount to the dashboard. Doing so makes it more difficult to install the mount to the dash. **Also**, our installation instructions are often printed prior to the last year of a ProClip mount listing. The year listing we show on our web site should be the most accurate listing.

Important

Self-installation instructions and advice are provided for your convenience. It is your responsibility to determine if you have the knowledge, skills, and physical ability required to properly perform an installation. ProClip USA, LLC. shall have no liability for damage or injury resulting from the installation or use of any ProClip or third party products. It is your responsibility to ensure that all products are installed in adherence with local laws and regulations and in such a manner as to allow a vehicle to be operated safely and without distraction. ProClip USA, LLC. product warranties do not cover the installation, removal or reinstallation of any product.

STEP 1 OF 4

1. To secure the printer in place, first remove the Torx screw on the left side of the printer's bottom plate shown in red circle above. Hold the printer mount plate over the bottom of the printer to align the holes.

STEP 2 OF 4

2. Use the included Torx screw to attach the printer mount plate at the top left side shown in the red circle above. Use the two Phillips screws provided to attach the printer mount at the top right and bottom left holes shown in the red square above.

STEP 3 OF 4

3. Attach the Quick Release Dock Clip to the desired surface e.g. wall or mounting hardware with the applicable screws enclosed. Slide the square extension on the back of the mount down into the Quick Release Quick Release Dock. To remove the printer, press on the tab on the Quick Release Quick Release Dock. Then slide up and out.

STEP 4 OF 4

The printer is in place.
