Item No. 727168

POWER DIAGRAM:

Attention:

Carefully read all instructions and review the images before installing this product. **Do not** attach anything to the mount face plate until after installing the mount to the dashboard. Doing so makes it more difficult to install the mount to the dash. **Also**, our installation instructions are often printed prior to the last year of a ProClip mount listing. The year listing we show on our web site should be the most accurate listing.

Important

Self-installation instructions and advice are provided for your convenience. It is your responsibility to determine if you have the knowledge, skills, and physical ability required to properly perform an installation. ProClip USA, LLC. shall have no liability for damage or injury resulting from the installation or use of any ProClip or third party products. It is your responsibility to ensure that all products are installed in adherence with local laws and regulations and in such a manner as to allow a vehicle to be operated safely and without distraction. ProClip USA, LLC. product warranties do not cover the installation, removal or reinstallation of any product.

STEP 1 OF 4

To install the holder:

Loosen the screw in the center of the holder and remove the Tilt-Swivel base plate.

Attach the base plate to your mounting location using the appropriate screws. (demo ProClip pedestal shown) Then reattach the holder using the center screw.

STEP 2 OF 4

To insert the device:

Slide the device in, charging port first, and make sure it seats fully onto the Lightning plug.

STEP 3 OF 4

To remove the device:

Unseat the iPad from the Lightning plug. Then slide the device straight out.

STEP 4 OF 4

The holder is in place.

For wiring and connecting to a power source, please follow the diagram further up on this page.
