

INSTRUCTIONS AND USER GUIDE

Item No. 834710 Right Console Mount for Lexus RX

Lexus RX Series 2010-2015

DO NOT attach anything to the mount face plate until after installing the mount to the dashboard. Doing so makes it more difficult to install the mount to the dash.

Item No. 834710

x3

GAP OPENER

Attention:

Carefully read all instructions and review the images before installing this product. **Do not** attach anything to the mount face plate until after installing the mount to the dashboard. Doing so makes it more difficult to install the mount to the dash. **Also**, our installation instructions are often printed prior to the last year of a ProClip mount listing. The year listing we show on our web site should be the most accurate listing.

Important

Self-installation instructions and advice are provided for your convenience. It is your responsibility to determine if you have the knowledge, skills, and physical ability required to properly perform an installation. ProClip USA, LLC. shall have no liability for damage or injury resulting from the installation or use of any ProClip or third party products. It is your responsibility to ensure that all products are installed in adherence with local laws and regulations and in such a manner as to allow a vehicle to be operated safely and without distraction. ProClip USA, LLC. product warranties do not cover the installation, removal or reinstallation of any product.

STEP 1 OF 4

The gap or seam underneath the center console is very tight so you will have to move the gap opener along the gap in a step by step manner, (inserting one next to the other) to widen the gap. Press the thin end of the enclosed gap opener into the gap as shown in the picture. Then press the thin end of the second gap opener into the gap next to the first gap opener. Pull out the first gap opener and insert it into the gap next to the second gap opener, and continue doing this until you have one gap opener in the mid area of the console. (see photo)

STEP 2 OF 4

Press the thin end of the gap opener into the upper seam to widen the gap. (see photo)

This is a tight mount to attach but will flex down to insert into the lower seam. Peel off the cover of adhesive tape on the ProClip. Note: The adhesive tape does not leave any marks or damage the dashboard, and is easy to remove. Place the ProClip in your hand so the ProClip label (sticker) is in an upright position, or if vertically positioned; the P in ProClip is at the top. Then insert the angled edge on the upper part of the ProClip into the gap next to the gap opener.

STEP 3 OF 4

Support the placement of the upper part of the mount with your thumb and at the same time press forward on the lower part of the ProClip with your fingers so the angled edge hooks into the gap between the lower gap openers. Press until you see or hear/feel it click into place.

STEP 4 OF 4

The ProClip Mount is in place.

Returns

All returns must be made within thirty (30) days of the delivery date and include proof of purchase, a copy of your original order, or invoice. No products shipped hereunder may be returned without ProClip USA's prior approval. In order to return a product, the buyer must obtain an RMA number (Return Merchandise Authorization Number). Items returned without a valid RMA number may be rejected. **Items that are open, used, damaged, or returned without all original components may have a restocking fee applied.**
