GAP OPENER

Attention:

Carefully read all instructions and review the images before installing this product. **Do not** attach anything to the mount face plate until after installing the mount to the dashboard. Doing so makes it more difficult to install the mount to the dash. **Also**, our installation instructions are often printed prior to the last year of a ProClip mount listing. The year listing we show on our web site should be the most accurate listing.

Important

Self-installation instructions and advice are provided for your convenience. It is your responsibility to determine if you have the knowledge, skills, and physical ability required to properly perform an installation. ProClip USA, LLC. shall have no liability for damage or injury resulting from the installation or use of any ProClip or third party products. It is your responsibility to ensure that all products are installed in adherence with local laws and regulations and in such a manner as to allow a vehicle to be operated safely and without distraction. ProClip USA, LLC. product warranties do not cover the installation, removal or reinstallation of any product.

STEP 1 OF 4

Attention! This ProClip consists of two parts. Part 1 - Part 1 (the smallest part) and Part 2 - ProClip face plate.

Press the thin end of the enclosed gap openers into the gap between the climate control panel frame and the padded dashboard to widen the gap. Peel off the cover of the adhesive tape on Part 1.

STEP 2 OF 4

Press the angled thin end of Part 1 into the gap between the gap openers. Press it firmly/hard forward at the same time you bend it to the right.

STEP 3 OF 4

Press Part 1 all the way in until the adhesive attaches. Pull out the gap openers. Press a Phillips screwdriver firmly through the large holes in Part 2 to open them up. Peel off the cover of the adhesive tape. Place Part 2 onto Part 1 so the holes match and the adhesive tape is on the left. Screw the enclosed screws into the holes. ProClip in place.

STEP 4 OF 4

The ProClip Mount is in place.
