Item No. 854648 Angled Dash Mount for Chrysler 300/300S

Chrysler 300 2011-2014
Chrysler 300S 2011-2014

DO NOT attach anything to the mount face plate until after installing the mount to the dashboard. Doing so makes it more difficult to install the mount to the dash.

Item No. 854648

GAP OPENER

Attention:

Carefully read all instructions and review the images before installing this product. **Do not** attach anything to the mount face plate until after installing the mount to the dashboard. Doing so makes it more difficult to install the mount to the dash. **Also**, our installation instructions are often printed prior to the last year of a ProClip mount listing. The year listing we show on our web site should be the most accurate listing.

Important

Self-installation instructions and advice are provided for your convenience. It is your responsibility to determine if you have the knowledge, skills, and physical ability required to properly perform an installation. ProClip USA, LLC. shall have no liability for damage or injury resulting from the installation or use of any ProClip or third party products. It is your responsibility to ensure that all products are installed in adherence with local laws and regulations and in such a manner as to allow a vehicle to be operated safely and without distraction. ProClip USA, LLC. product warranties do not cover the installation, removal or reinstallation of any product.

STEP 1 OF 4

Peel off the cover of adhesive tape on the ProClip. Note: The adhesive tape does not leave any marks or damage the dashboard, and is easy to remove. Place the ProClip in your hand so the ProClip label (sticker) is in an upright position, or if vertically positioned; the P in ProClip is at the top. Press the thin end of the enclosed gap opener into the seam/gap between the climate control panel and the center console panel, to widen the gap. Press the thin curved edge on the lower part of the ProClip into the seam/gap next to the gap opener.

STEP 2 OF 4

Flip the ProClip upward, towards the air vent, and **at the same time** press forward on the lower part of the ProClip so the curved edge goes all the way into the gap and hooks behind the climate control panel. The lower angled edge must go all the way into the lower seam or the ProClip might break while flipping the ProClip upward.

Pull out the gap opener.

STEP 3 OF 4

Place your fingers underneath the ProClip. Push so the ProClip flexes upward and then hook the angled edge around the lower air vent edge.

STEP 4 OF 4

Press down on top of the ProClip to make sure the ProClip is properly attached to the lower air vent edge. The ProClip is now in place as shown in the overview picture above.

Returns

All returns must be made within thirty (30) days of the delivery date and include proof of purchase, a copy of your original order, or invoice. No products shipped hereunder may be returned without ProClip USA's prior approval. In order to return a product, the buyer must obtain an RMA number (Return Merchandise Authorization Number). Items returned without a valid RMA number may be rejected. **Items that are open, used, damaged, or returned without all original components may have a restocking fee applied.**
