Ford Explorer Sport 2011-2019
Ford Police Interceptor Utility 2012-2019

DO NOT attach anything to the mount face plate until after installing the mount to the dashboard. Doing so makes it more difficult to install the mount to the dash.

Item No. 854719

Attention:

Carefully read all instructions and review the images before installing this product. **Do not** attach anything to the mount face plate until after installing the mount to the dashboard. Doing so makes it more difficult to install the mount to the dash. **Also**, our installation instructions are often printed prior to the last year of a ProClip mount listing. The year listing we show on our web site should be the most accurate listing.

Important

Self-installation instructions and advice are provided for your convenience. It is your responsibility to determine if you have the knowledge, skills, and physical ability required to properly perform an installation. ProClip USA, LLC. shall have no liability for damage or injury resulting from the installation or use of any ProClip or third party products. It is your responsibility to ensure that all products are installed in adherence with local laws and regulations and in such a manner as to allow a vehicle to be operated safely and without distraction. ProClip USA, LLC. product warranties do not cover the installation, removal or reinstallation of any product.

STEP 1 OF 4

Press the thin end of the enclosed gap opener into the gap between the center console panel and the silver trim, to widen the gap.

STEP 2 OF 4

Peel off the cover of adhesive tape on the ProClip. Place the ProClip in your hand so the ProClip label (sticker) is in an upright position.

Open the glove compartment door. Press the angled edge on the right side of the ProClip into the gap between the padded console sidewall and the glove box panel frame. This is a tight seam and you might need to press forward on the ProClip to make sure the angled edge goes all the way into the seam.

STEP 3 OF 4

Continue to press the right angled edge into the right seam while you flip the left side of the ProClip towards the climate control panel. The angled edge on the right side must hook behind the glove box panel frame. If the edge is not behind the panel all the way, the ProClip can break while attaching the left side.

Note: The adhesive tape does not leave any marks or damage the dashboard, and is easy to remove.

STEP 4 OF 4

Place your hand on the right side of the mount and push firmly towards the climate control panel so the u-shaped edge hooks around the silver trim edge. Note: You may have to hold and press the gap opener into the gap to widen it while pushing the ProClip into place. Press until you see or hear/feel the u-shaped edge click into place. Pull out the gap opener and close the glove compartment door.

Returns

All returns must be made within thirty (30) days of the delivery date and include proof of purchase, a copy of your original order, or invoice. No products shipped hereunder may be returned without ProClip USA's prior approval. In order to return a product, the buyer must obtain an RMA number (Return Merchandise Authorization Number). Items returned without a valid RMA number may be rejected. **Items that are open, used, damaged, or returned without all original components may have a restocking fee applied.**
