

INSTRUCTIONS AND USER GUIDE

Item No. 855313 Center Dash Mount for Honda CR-V

Honda CR-V 2017-2022

DO NOT attach anything to the mount face plate until after installing the mount to the dashboard. Doing so makes it more difficult to install the mount to the dash.

Item No. 855313

x2

GAP OPENER

Attention:

Carefully read all instructions and review the images before installing this product. **Do not** attach anything to the mount face plate until after installing the mount to the dashboard. Doing so makes it more difficult to install the mount to the dash. **Also**, our installation instructions are often printed prior to the last year of a ProClip mount listing. The year listing we show on our web site should be the most accurate listing.

Important

Self-installation instructions and advice are provided for your convenience. It is your responsibility to determine if you have the knowledge, skills, and physical ability required to properly perform an installation. ProClip USA, LLC. shall have no liability for damage or injury resulting from the installation or use of any ProClip or third party products. It is your responsibility to ensure that all products are installed in adherence with local laws and regulations and in such a manner as to allow a vehicle to be operated safely and without distraction. ProClip USA, LLC. product warranties do not cover the installation, removal or reinstallation of any product.

STEP 1 OF 4

Clean the area where the ProClip will attach.

Press the thin end on the lower edge of the ProClip into the seam between the panel behind the information display and the padded part of the dash. See photo.

It is important to start the attachment at the bottom and not the top.

STEP 2 OF 4

Press the thin edge of the gap opener into the seam between the frame around the vent top and the padded part of the upper dash. **Press the gap opener forward a little to open the gap wider.** Then press the top angled edge of the ProClip into the seam behind the vent frame. (Use two gap openers if needed.) The seam is very tight but will open. It is not glued together.

STEP 3 OF 4

Pull out the gap opener.

The upper seam is tight but the mount will go into the seam. Use two gap openers if needed and remember to press the gap opener forward to move the vent frame back a little so the ProClip can go into the seam.

STEP 4 OF 4

The ProClip is in place.

Returns

All returns must be made within thirty (30) days of the delivery date and include proof of purchase, a copy of your original order, or invoice. No products shipped hereunder may be returned without ProClip USA's prior approval. In order to return a product, the buyer must obtain an RMA number (Return Merchandise Authorization Number). Items returned without a valid RMA number may be rejected. **Items that are open, used, damaged, or returned without all original components may have a restocking fee applied.**
