Attention:

Carefully read all instructions and review the images before installing this product. **Do not** attach anything to the mount face plate until after installing the mount to the dashboard. Doing so makes it more difficult to install the mount to the dash. **Also**, our installation instructions are often printed prior to the last year of a ProClip mount listing. The year listing we show on our web site should be the most accurate listing.

Important

Self-installation instructions and advice are provided for your convenience. It is your responsibility to determine if you have the knowledge, skills, and physical ability required to properly perform an installation. ProClip USA, LLC. shall have no liability for damage or injury resulting from the installation or use of any ProClip or third party products. It is your responsibility to ensure that all products are installed in adherence with local laws and regulations and in such a manner as to allow a vehicle to be operated safely and without distraction. ProClip USA, LLC. product warranties do not cover the installation, removal or reinstallation of any product.

STEP 1 OF 5

Installing the Lower Lip:

Clean the area where the ProClip will attach. Wait for the alcohol to dry; then remove the cover from the adhesive tape.

The first seam is between the hard plastic frame that surrounds the screen and the vent housing. Insert the included Gap Openers, making sure to leave enough space between them for the mount.

STEP 2 OF 5

Installing the Lower Lip:

Insert the lower lip of the mount into the seam from Step 1. Make sure the tape is making contact with the dash then remove the Gap Openers.

STEP 3 OF 5

Installing the Upper Lip:

The second seam is between the hard plastic vent frame and the upper dash panel.

Insert the Gap Openers into this seam on each side of the mount.

STEP 4 OF 5

Installing the Upper Lip:

Press on the face of the mount until the upper lip snaps into the seam. Remove the gap openers.

STEP 5 OF 5

The ProClip is in place.
